

Indus Net Technologies to Participate In InsurTech Rising London

Europe's Largest InsurTech Summit

Kolkata, October 13, 2017: Indus Net Technologies, an eminent name in the global technology industry will participate in InsurTech Rising 2017, Europe's largest InsurTech Summit. The event will be held from 16th October to 18th October, 2017 at Business Design Centre, London. Renowned players in the field of insurance and technology from all corners of the world will participate in the event. Indus Net technologies is the only company from India to be among the top sponsors for the event.

The term InsurTech has gained lot of importance in today's digital world. It simply refers to the application of technology in solving the problems in the insurance industry in order to gain savings and efficiency from the current insurance industry model. Currently, the insurance industry is at a pivotal point where innovation and application of technology are amalgamating with the age-old industry model. The summit will focus on the future of insurance industry built around business challenges, innovative solutions and areas attracting most investment for the sector. The summit will also highlight the latest development on the field of InsurTech and where they fit in to the bigger picture of the insurance industry's digital transformation with face to face interactions with digital leaders and InsurTech entrepreneurs etc.

"Insurance Industry is going through a digital transformation. InsurTech has become one of the most vital cogs for the revival of the global insurance industry. As Indus Net Technologies is growing it's footprints in the InsurTech and FinTech markets, this event will give a boost to our profile as we will be able to showcase our innovation in a global platform", said **Mr. Abhishek Rungta, Founder & CEO, Indus Net Technologies**.

Indus Net Technologies will be showcasing their core expertise in consulting and implementing digital innovation strategies for Insurance Companies, Brokerage Firms and InsurTech Enablers at the summit. With its 20+ years of cross-industry experience and technological expertise across all major business functions, Indus Net Technologies helps Large Enterprises and Governments across the globe embrace the "Nexus of Forces" – Cloud/Web based Custom Application Development, Enterprise Mobility and Digital Marketing services to make their businesses future ready.
