

Press Release

Makeyourtax.com, a cloud based tax filing application launched by Indus Net Technologies and Taxmantra

Kolkata, 25th September, 2015: Indus Net Technologies and Taxmantra have jointly funded an online tax return preparation and filing software – **Makeyourtax.com** for businesses, individuals and tax professionals. This application has been designed to offer comprehensive, easy and reasonable tax filing solutions to all the taxpayers. The software will allow hassle free preparations and filing of tax returns, from anywhere and at any point of time.

The online application is supported by cloud computing, which makes it easily accessible for multi-users and provides total flexibility between the tax payer and the tax consultant. It is also enabled to provide white label tax filing gateways to high-profile corporate professionals.

“The **Makeyourtax.com** tax return preparation and filing software has been designed in a way that makes it extremely competitive, pricewise, when compared to the other such softwares and provides a host of value added services like “assisted tax filing”, especially for the beginners, or for any taxpayer who is oblivious of the tax return regulations”, said **Mr Abhishek Rungta, CEO, Indus Net Technologies**.

“**Makeyourtax.com** intends to make tax filing experience comprehensive yet easy for Individuals, businesses and especially tax professionals while preparing and filing tax returns in India. Today neither other online filing sites nor any desktop software actually understand and tries to address these issues. We expect around 100,000 tax returns to be prepared and filed using our system in the coming tax season”, said **Mr Alok Patnia, Founder & CEO, Tax Mantra**.

Makeyourtax.com is offering its basic package of “Do It Yourself” Tax Returns at an introductory price of Rs 99/-. Users subscribing to this package would have an option of sharing the application on social media platforms like Facebook and Twitter. On successful sharing, the user would be rewarded with cash back of Rs 100/-. Thus, technically users would be filing their returns one rupee less than the package price.
