

INT.

INNOVATION FOR IMPACT

Message from the founder

Abhishek Rungta
Founder & CEO

"It seems like it was only yesterday that INT. kicked off its journey, and now here we are today, standing in our 25th year. The journey for me was like a dream come true, and it wouldn't have been possible without the wholehearted involvement of our beloved clients and dear colleagues.

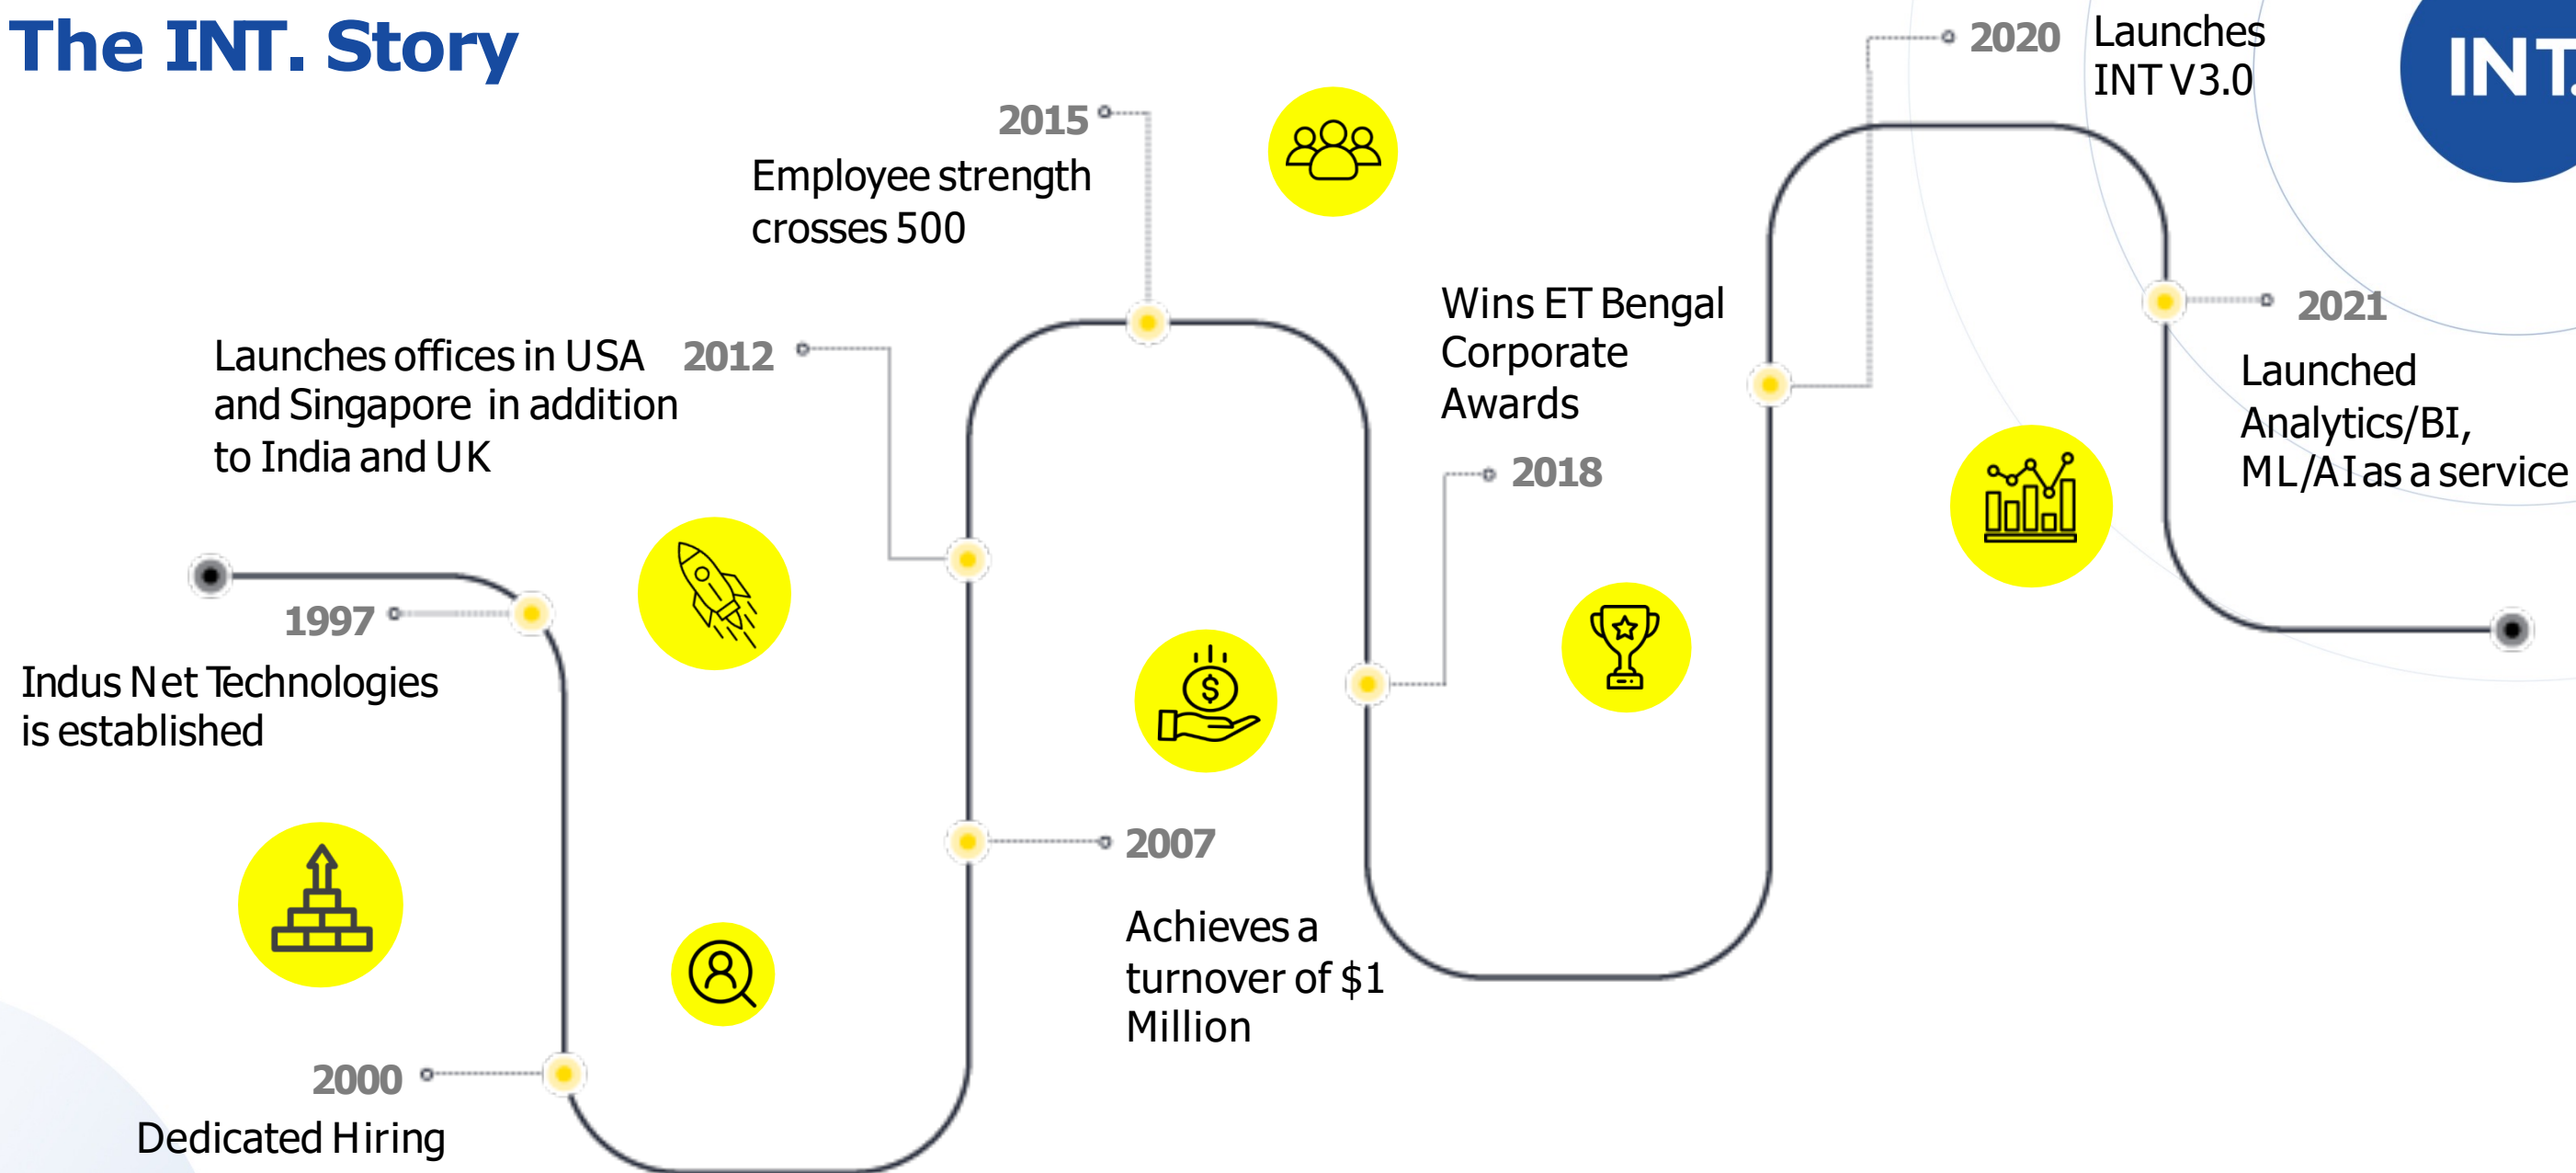

As we progress in time, we look forward to engineering more solutions, solving more business problems, to take the company to newer heights of success."

The INT. Story

INT.

WORKING WITH OUR CLIENTS
TO CREATE A
SUSTAINABLE FUTURE

Create lasting value and equitable impact for all stakeholders

The world is now at crossroads, and the choices we make now will have long-term consequences for future generations. We think that a successful and sustainable future is well within our grasp. By pledging and shifting to more sustainable practices, businesses can join society and government. We can make a difference if we work together.

ESG Values

Sustainable Customer Experience and Brand

We follow the principle to build an energy-efficient foundation to empower consumers in embracing sustainability.

Sustainability Measurement, Analytics and Performance

We prioritise the 4-Rs of challenges encompassing Risk, Rising urgency, Return, and Regulation, and attain those through Diagnosing, Defining, and Capturing.

Sustainable Technology

Optimising our environmental and social impact at every stage of the technology's life cycle – from extraction to disposal.

Sustainable Value Chain

Our focus is to carry out all the activities by stakeholders to be commercially or fiscally viable for accomplishing a sustainable value chain.

Sustainable Leadership and Organisation

We stay concerned with our position in society and its influence on people, the environment, and profits based on sustainability goals.
